PROFESSIONAL PROFILE

My background includes significant experience in sales and technical support at large corporations. There, I honed my interpersonal skills and problem-solving abilities, always focused on achieving and exceeding results. Self-taught by nature, I'm transitioning into frontend development, where I already work as a freelancer, applying web and mobile frameworks.

EXPERIENCE

Free lancer

Mobile Development for Android • Dec/2025 - Current

- **Project:** *App EXPERT OPPO.*
  -Android mobile application with a simple and scalable interface that aims to be a pocket guide for cell phone sales promoters of the OPPO smartphone brand.
